After going through the job requirements and the role that I will be put in, I believe I can easily be the one you are looking for.

I have 1 year of hands-on experience in MERN stack building and deploying 2 fully-fledged web applications and mini-projects. I'm proud to say that I can easily match up to 2-3 years of experienced developers.

Give me a call or technical assessment to prove me right. I have attached my updated resume, detailing the skills and experience I could offer to the company. For further details please do not hesitate to contact me at +91 9778399170.
